Bob:

Bob Allen, Navy member called 25 Feb to respond to your request at 23 Feb SECOM meeting for member comments on possible physical and industrial security working group. Allen says he thinks a physical security W.G. is definitely needed to do such things as ~~support~~ develop and support the physical security officers seminar. He will provide a member. As regards industrial security, he notes that DIS handles the entire field for Defense and that he would prefer to rely ~~on~~ on DIS for / routine support in that area. If something of a Community-wide industrial security nature came up, he would prefer to see it handled on an ad hoc basis by other SECOM bodies depending on its nature (e.g., personnel, technical, physical).
